K-LIFE Extended Hands Bursary Fund Application

Last Update: June 20, 2017

K-LIFE EXTENDED HANDS BURSARY FUND

Selection Criteria

Bursary awards serve two equally valuable purposes: recognition of achievement, as well as provision of financial support. The allocation of bursary funds is awarded to **students already enrolled in a post-secondary school program**. For students already in a program, bursary funds are more likely to recognize concrete achievements during a student's career at their school of choice and may also permit students to continue at the University/College when their financial resources might not otherwise permit them to do so.

Applicant(s) enrolled in a post-secondary school program, can continue applying for the bursary on an annual basis e.g. back to back school years, the bursary program is available

In recognition of the criteria specified in the KLM Bursary, we seek to award funds, to ensure that the entire items are recognized in the aggregate pool of bursary recipients:

As a general rule, our expectation is that students receiving scholarships should display **two or more** of the below attributes, with exception to **Attribute #1 (MANDATORY)**:

1. Kingdom Life Member

Kingdom Life Ministries has positioned itself as a leader within the category of “Excellence and Leadership” in the arena of changing people’s life by the awesome power and gifting of the Holy Spirit. All applicant(s) **MUST** be active members of this body of Christ and support the visions and goals of Kingdom Life Ministries, the scholarships awarded annually will reflect broadly on our identity as leaders in the community and various church organizations.

2. Creative Accomplishment

Students must demonstrate originality and innovation in the arts and humanities, sciences, or social sciences. The selection committee considers the accomplishments of writers, artists, and musicians just as seriously as scientists.

3. Financial Need

The committee considers how students are financing their education. Students applying for scholarships based on financial need should clearly state in their application how many hours per week they work.

4. Unusual Force of Character

Students who have overcome obstacles related to health, family, social, educational or economic disadvantages are encouraged to apply. Any circumstance that shows strength of character and potential for achievement should be stated in your application.

5. Community Service

The committee considers not simply your community service but, more importantly, the impact your service has had on a particular individual or group. The committee considers volunteerism, service learning, field-work or internships that show civic responsibility and engagement.

POLICIES:

- **The committee members can make a unanimous decision to award a determined amount of winner(s) in any given year. Number of winners will be assessed on a year to year basis.** Amounts to be made public at time of recipient being awarded. The bursary will be awarded prior to the start of the school semester.
- The bursary **may be made payable to the name of the post-secondary institution** e.g. College or University that the winner is attending the start of the school semester. In this event, **funds would not be made payable to the name of the scholarship winner.**
- If the student has received the bursary and, without reason, decides not to study as planned, the bursary must be returned in full. If time allows, the next applicant in line may then be given the bursary.
- If the student should fall ill and cannot attend school all efforts should be made by the student to obtain a refund and return the unused portion, if any to KLM.
- All applicants must provide the following documents prior to being eligible for bursary consideration:
 - Current post-secondary transcript e.g. **for the semester years completed**
 - Costs for the upcoming program year enrolled
 - Written intent from applicant to continue enrollment for the current year
- How to apply:
 - All applicants must submit a short 500-word essay explaining clearly why they are the best candidate for the scholarship. Explain your involvement with KLM and how long you have been a member. Express your opinion on 2 or more of the above attributes.
 - You may be asked to attend an interview with the selection committee
 - Submission date to be established year to year.
