SECTION 01

Selection Criteria

Scholarship awards serve two equally valuable purposes — recognition of merit and provision of financial support. Funds are balanced between awards to new applicants and awards to students already in a program; for continuing students, funds recognize concrete achievements and may permit students to continue when financial resources might not otherwise allow.

PLEASE NOTE

Former scholarship recipients may not be eligible for consideration if they received a scholarship in the previous school year; in other words, scholarships may not be awarded in consecutive years.

THE ATTRIBUTES

Recipients display two or more attributes.

Attribute #1 is mandatory for every applicant.

01 Kingdom Life Member

MANDATORY

Active membership in the body of Christ at KLM, supporting the vision and goals of Kingdom Life Ministries. The scholarships awarded annually reflect on our identity as leaders in the community and various church organizations.

02 Academic Merit

First-year applicants should rank at the top of their graduating class (transcript required for verification). Continuing students need a 75% average minimum, 12-credit minimum load, thoughtful course selection, and active extracurricular involvement.

03 Creative Accomplishment

Originality and innovation in the arts and humanities, sciences, or social sciences. The committee considers writers, artists, and musicians as seriously as scientists.

Attributes 04 – 07

These remaining four attributes complete the criteria set for evaluation.

04 Financial Need

The committee considers how applicants are financing their education. Students applying on financial need should clearly state how many hours per week they currently work.

05 Force of Character

Students who have overcome obstacles related to health, family, social, educational, or economic disadvantages are encouraged to apply—any circumstance that demonstrates strength and potential will be considered.

06 Community Service

Not simply your community service but, more importantly, the impact your service has had on a particular individual or group. Volunteerism, service learning, field-work, and internships that show civic responsibility and engagement are considered.

07 Leadership

Demonstrated experience leading groups — teaching, training, organizing, managing, and carrying responsibility on behalf of others. Being held in high regard by peers for being a role model through actions and deeds, and making improvements with or on behalf of others.

SECTION 02

Award Policies

- POLICY / 01** The committee may make a unanimous decision to select only one award winner in any given year — though typically 1–2 scholarships are awarded annually.
-
- POLICY / 02** Funds may be made payable directly to the post-secondary institution the recipient is attending — in which case payment is not made to the winner personally.
-
- POLICY / 03** If a recipient decides not to study as planned without reason, the scholarship must be returned in full. If timing permits, the next applicant in line may receive it.
-
- POLICY / 04** If the student should fall ill and cannot attend school, all efforts should be made by the student to obtain a refund and return any unused portion to KLM.
-
- POLICY / 05** All applicants must provide the following documents prior to being eligible for scholarship consideration: High school transcripts or Current post-secondary transcript.
-

SECTION 03

How to Apply
